EXPERIENCE

UI/UX DESIGNER/FRONT END DEVELOPER

TikTak Pro

05-11-2022 /12-02-2023

- Worked as a front-end web developer at Tiktak Pro, an e-commerce platform based in Tunisia
- Managed the design for templates in the website builder integrated in the platform using Django and Vue.js
- Created responsive and accessible layouts to allow users to customize their shop template
- Gained experience in internationalization (i18n) and added custom languages and dynamic translations with Django.
- Created dynamic CSS variables in the backoffice to allow users to customize their shop template.
- Worked closely with the back-end team to ensure compatibility between the front-end design and dynamic CSS.
- Helped make the platform more accessible and customizable for users.

FULL STACK WEB DEVELOPER

Higher technician certificate
Elite Formation Nabeul

2018 - 2020
